Agenda

- Scenario
- System Landscape
- Flows
- Requirement/Solution Matrix

Scenario

Subtitle placeholder

Scenario Brief

Summarize the scenario and key objectives you are solving to ensure you understand the client stakeholder needs.

System Landscape

Subtitle placeholder

System Landscape

Overview of System Landscape Diagram here

Flows

Subtitle placeholder

oAuth/SAML Flow

Section to summarize any SAML or oAuth flow diagrams. Flows presented must be tied back to requirements and demonstrate the entities (e.g. tokens/assertions) exchanged in the flows.

Requirement/Solution Matrix

Subtitle placeholder

Requirement/Solution Matrix

State your solution and consideration for every requirement

Requirements	Solution	Considerations/Tradeoffs
Req 1	Sol 1	Consider 1
Req 2	Sol 2	...
